3. **Get Text Messages!** Let's face it. Not everyone checks their E-Mail as often as their text messages. But sometimes an important E-mail goes out that you need to know about, or a last-minute change takes place. If you want to receive a text message for these kinds of notifications, just add your number to the widget in the lower right of the church web site.

4. **Use the Calendar!** The church site is now using Google calendar for church events. Google calendar has some great features such as providing maps to locations and great printing options. If you use a Google calendar personally, you can automatically add all church events to your own calendar, or you can add single events to your calendar. Either way it is easier than ever to keep up to date with the church calendar.
5. **We're on Facebook!** If you are a Facebook user, just do a search on "Southern CT" to find it and request to join. This site is for all members and friends past and present, in CT, or moved elsewhere to keep in touch, post news, and other more generally social items.
